Friendz 4ever!!

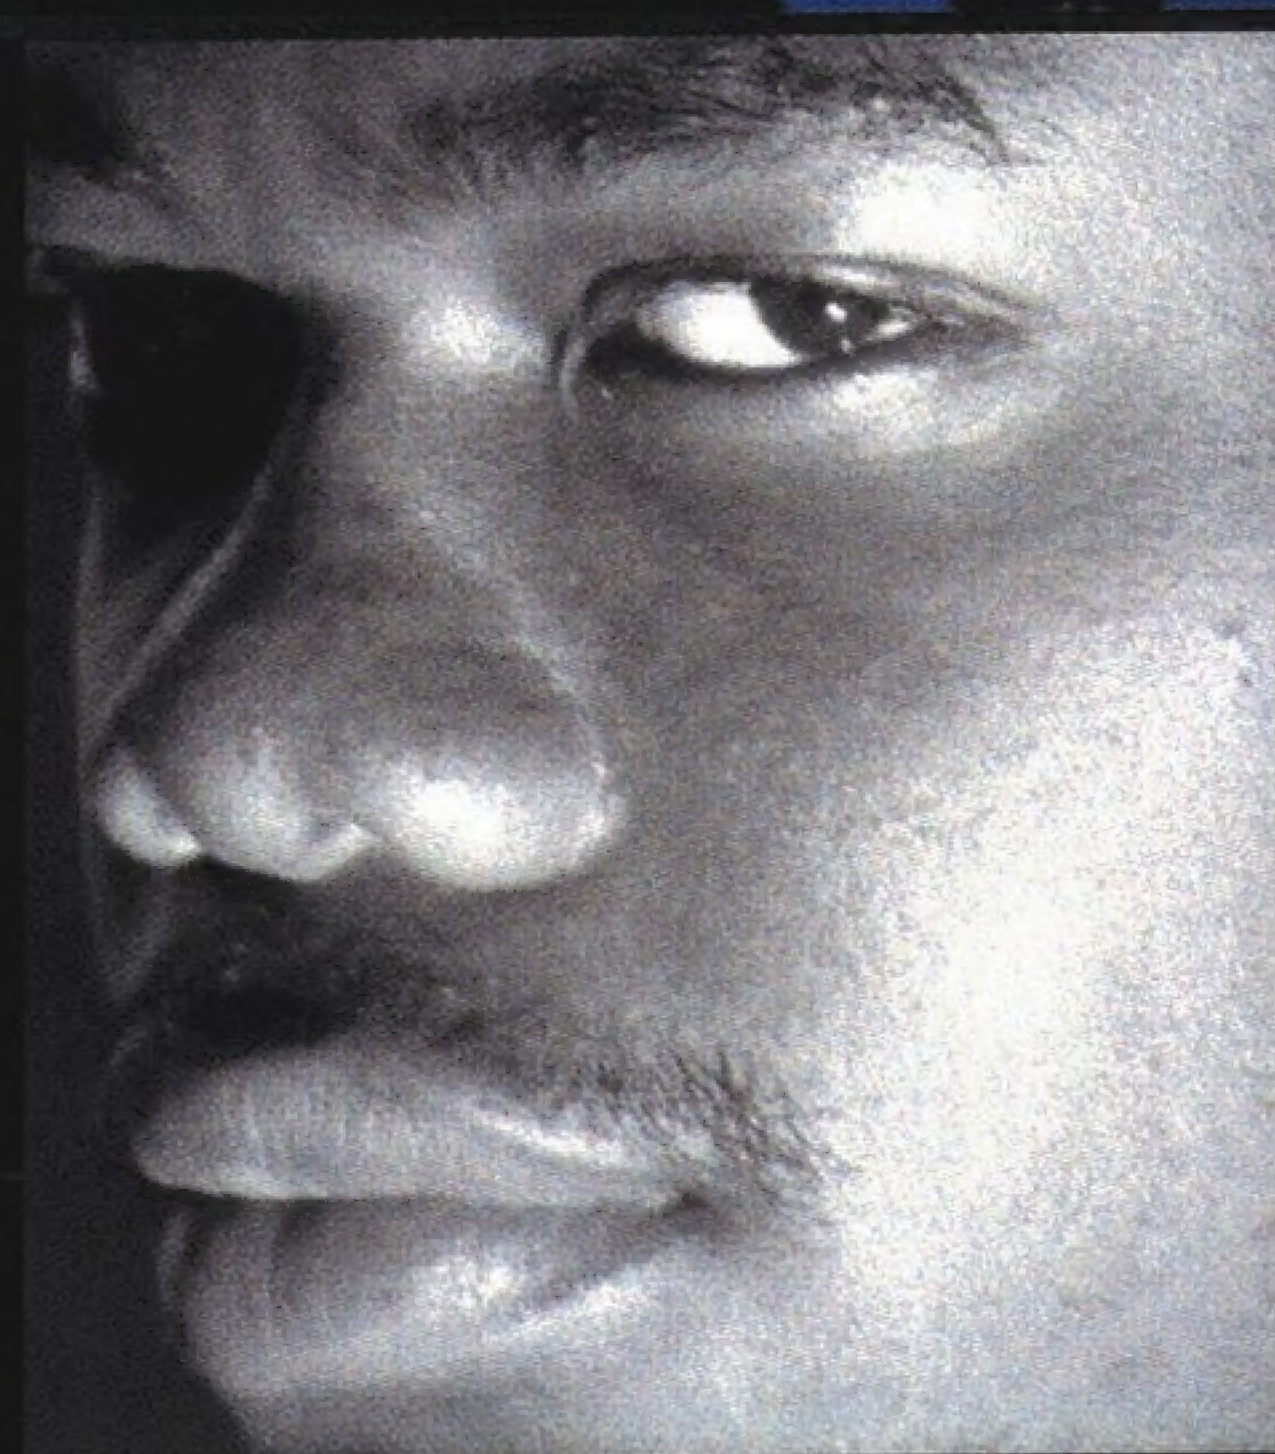

If you're alone, I'll be your shadow. If you want to cry, I'll be your shoulder. If you want a hug, I'll be your pillow. If you need to be happy, I'll be your smile. But anytime you need a friend, I'll just be me.

There are big ships and small ships. But the best ship of all is friendship.

Most Embarrassing Moments!

by Noterlee Johnson

Over the years I've been at Westview I've seen students showcase some unique talents, but what we don't know is some of the embarrassing moments Westview students face. Whether it's dropping on the stage while performing, mistakes while performing, or (something that happened to me numerous times when performing plays) forgetting your lines and saying something completely out of order. I know we all make mistakes, but sometimes don't we wish they wouldn't happen while in front of hundreds of students! "Sometimes I choreograph some dance moves, then forget them when it's time to perform them" says Omar Chisholm, a Grade 12 student.

Have you ever fallen on ice right in front of the school, fallen down the stairs in front of other students, or spilled your lunch all over your uniform? If any of these things have happened to you while you're in the school then you've been a victim of school embarrassment. Consider yourself lucky if this hasn't happened to you yet and be very cautious, so it doesn't ever happen. With us Westview students moments like this are what makes us strong, so keep laughing! We'll keep up the Westview spirit regardless!

Westview is not always serious. Sometimes students just love to get silly. For example, in the hallways students are always doing funny actions behind each others' backs. Some people love to diss each other in funny ways like "Your line up is merked, dawg!" and so on and so on. "Students can be funny when they want to be," says Joselyn Antwiwaa. "One of the funniest things that happened was a food fight," says Noterlee Johnson. "What happened was that the lights were giving problems in the cafeteria so then we all screamed and said 'Food fight!' and then it was food flying back and forth."

Making a Splash

For the past few years, the future of Westview's pool, like all pools in the Toronto Board, has been uncertain. There's nothing like swimming to help you cool off and get exercise at the same time. Luckily, our pool was listed this year as one of the top pools worth keeping open, for the school and the community. Long Live the Pool!

Westview students and teachers are always looking for ways to reach out to other schools and the community. The Fun In Athletics program has kids from local public schools come for a visit to the Westview gym, where they participate in a fun day of games and athletic activities. Ms. Leizer and ESP students organize the day.

WHEN I GROW UP

by Jade Lemonious

What do you want to be when you grow up? We've always asked ourselves or been asked. Some of us may have had an idea. But now it's a TOTAL DIFFERENT STORY. I remember like it was yesterday when I was asked the exact same question. I replied by saying "When I grow up I want to be a Star". And now I say "I want to graduate high school along with my friends; I also want to follow that by going to college and graduating with flying colors on the pursuit to becoming an Early Childhood Educator".

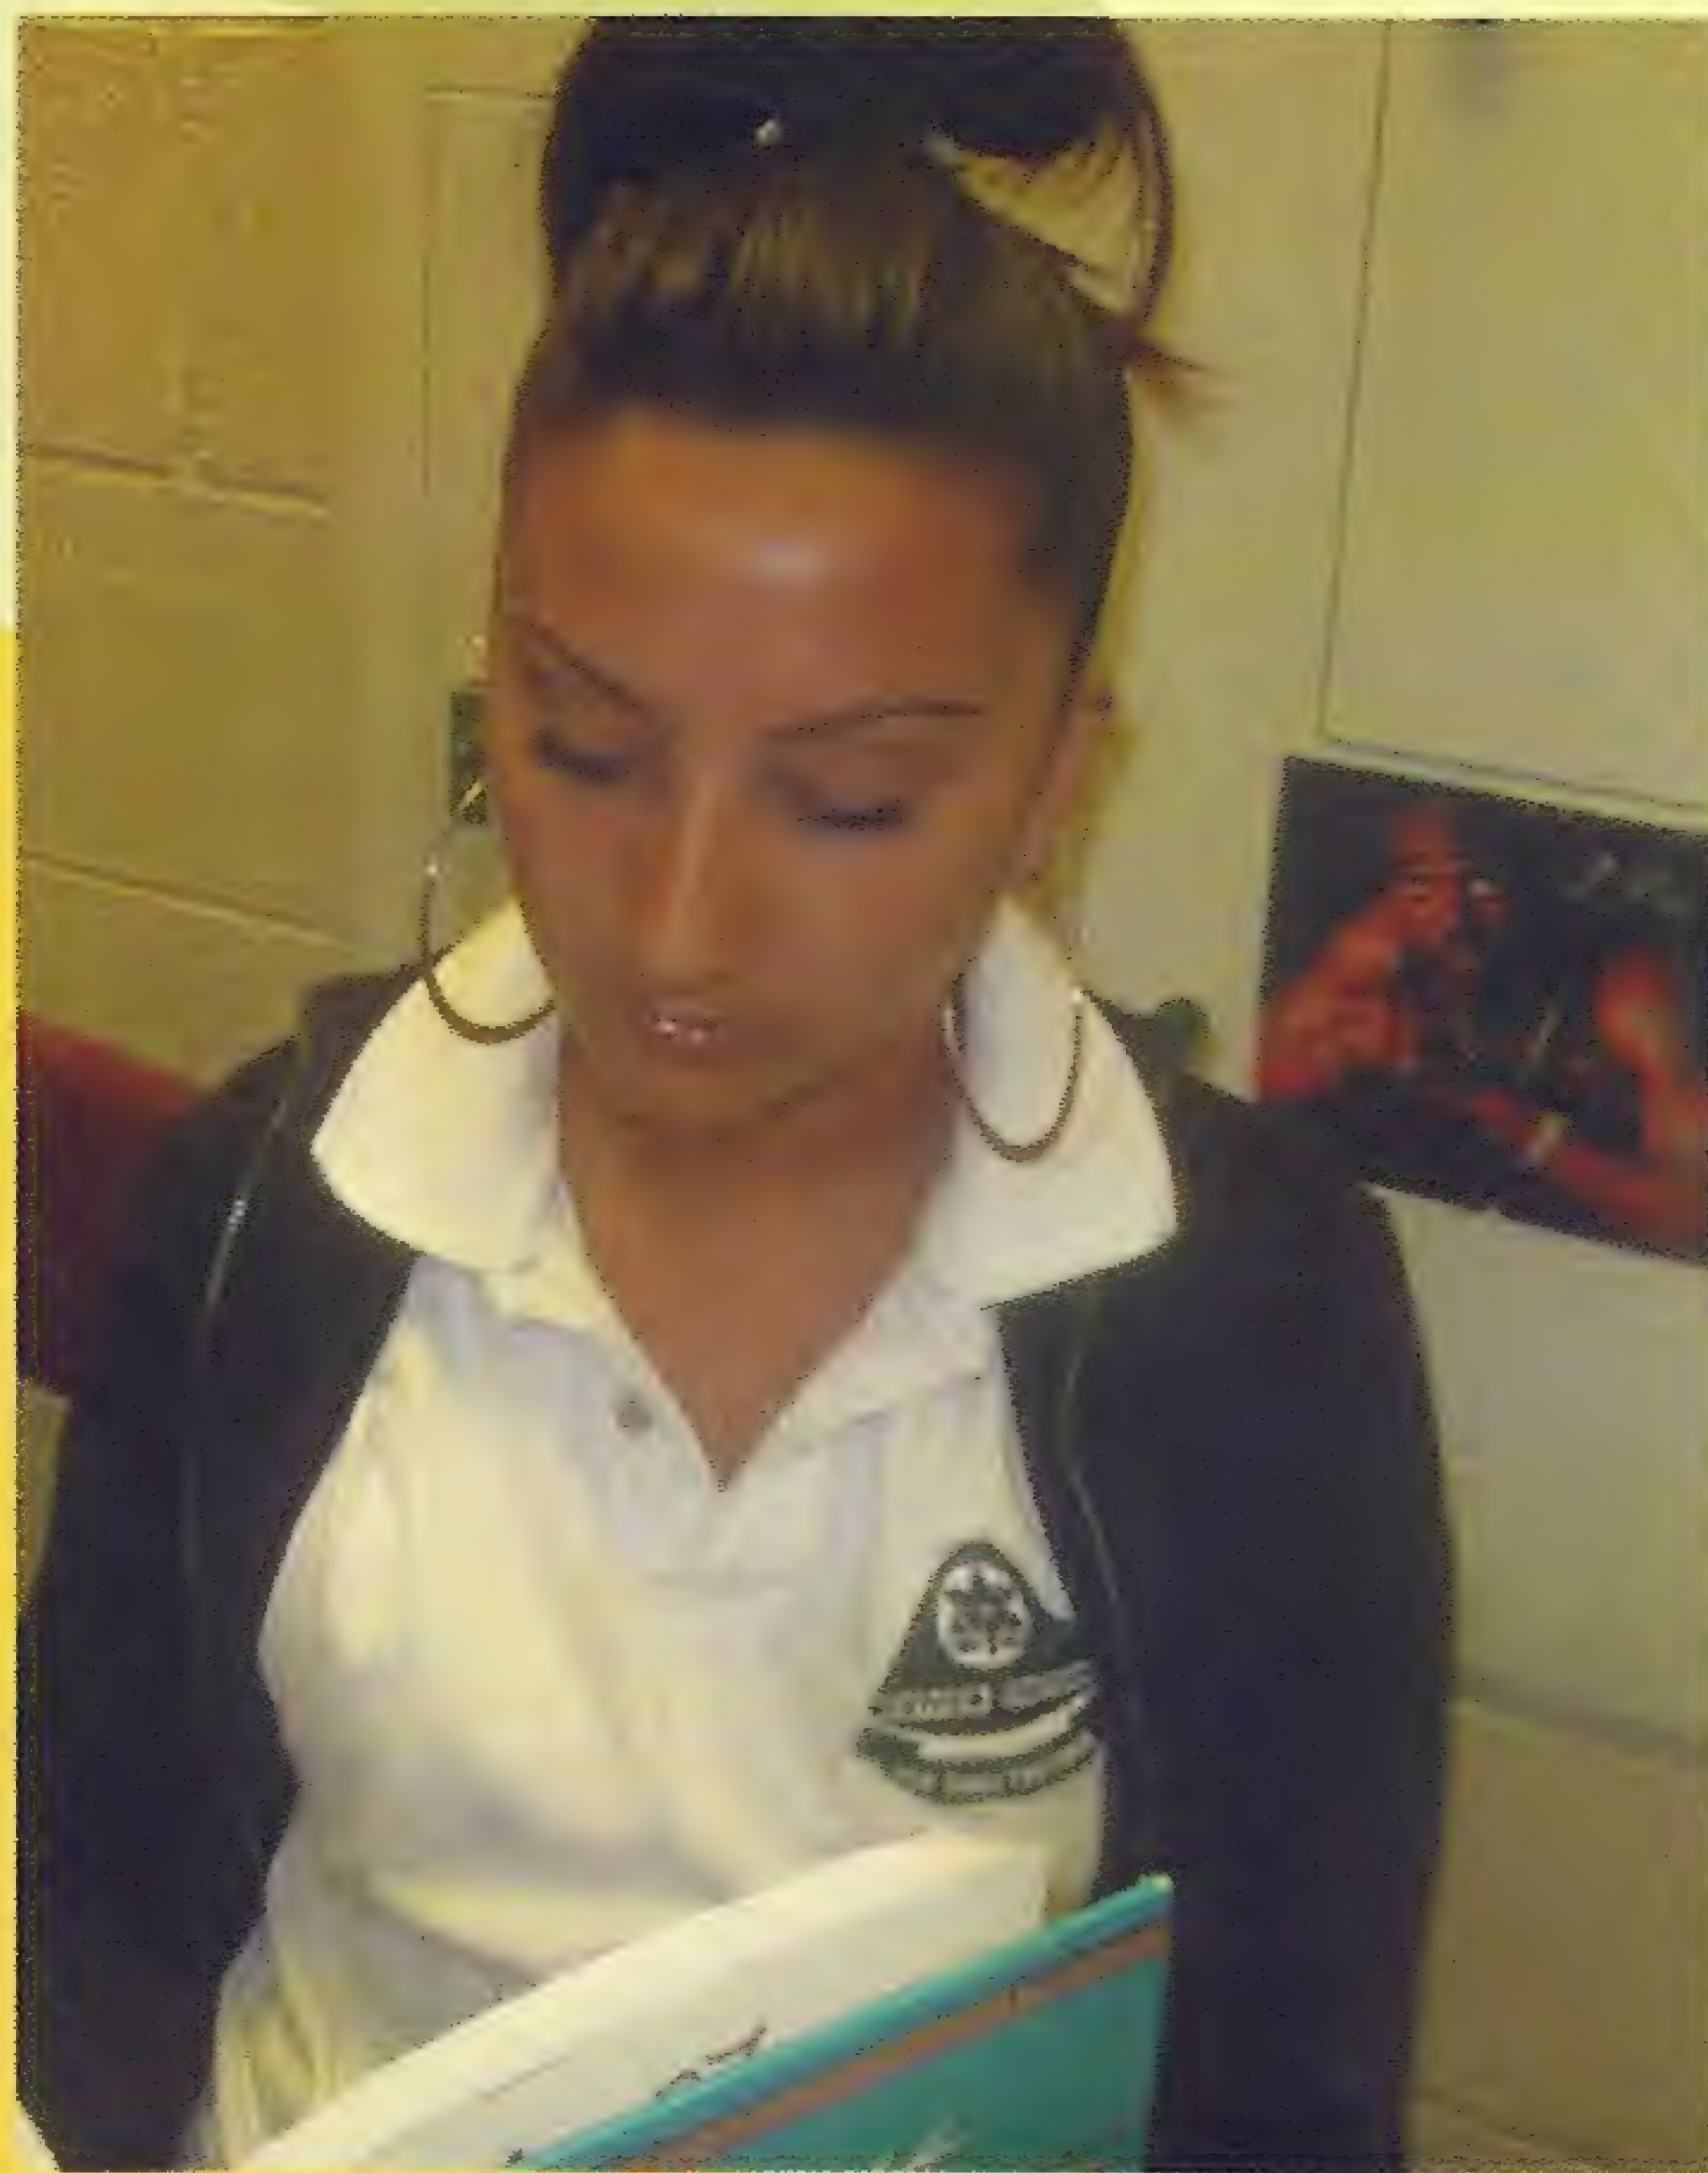

When I asked my fellow classmates, they had many ideas to offer. "When I grow up I want to be an Interior Designer or transcend into the fashion world" commented Farrah Fertil. She also remarked, "I have always had my mind set upon it."

As we conversed, we stumbled upon the question of "Are you willing to take all steps necessary to achieve your developing aspirations?" In return, Farrah stated that for the Interior Designer part she

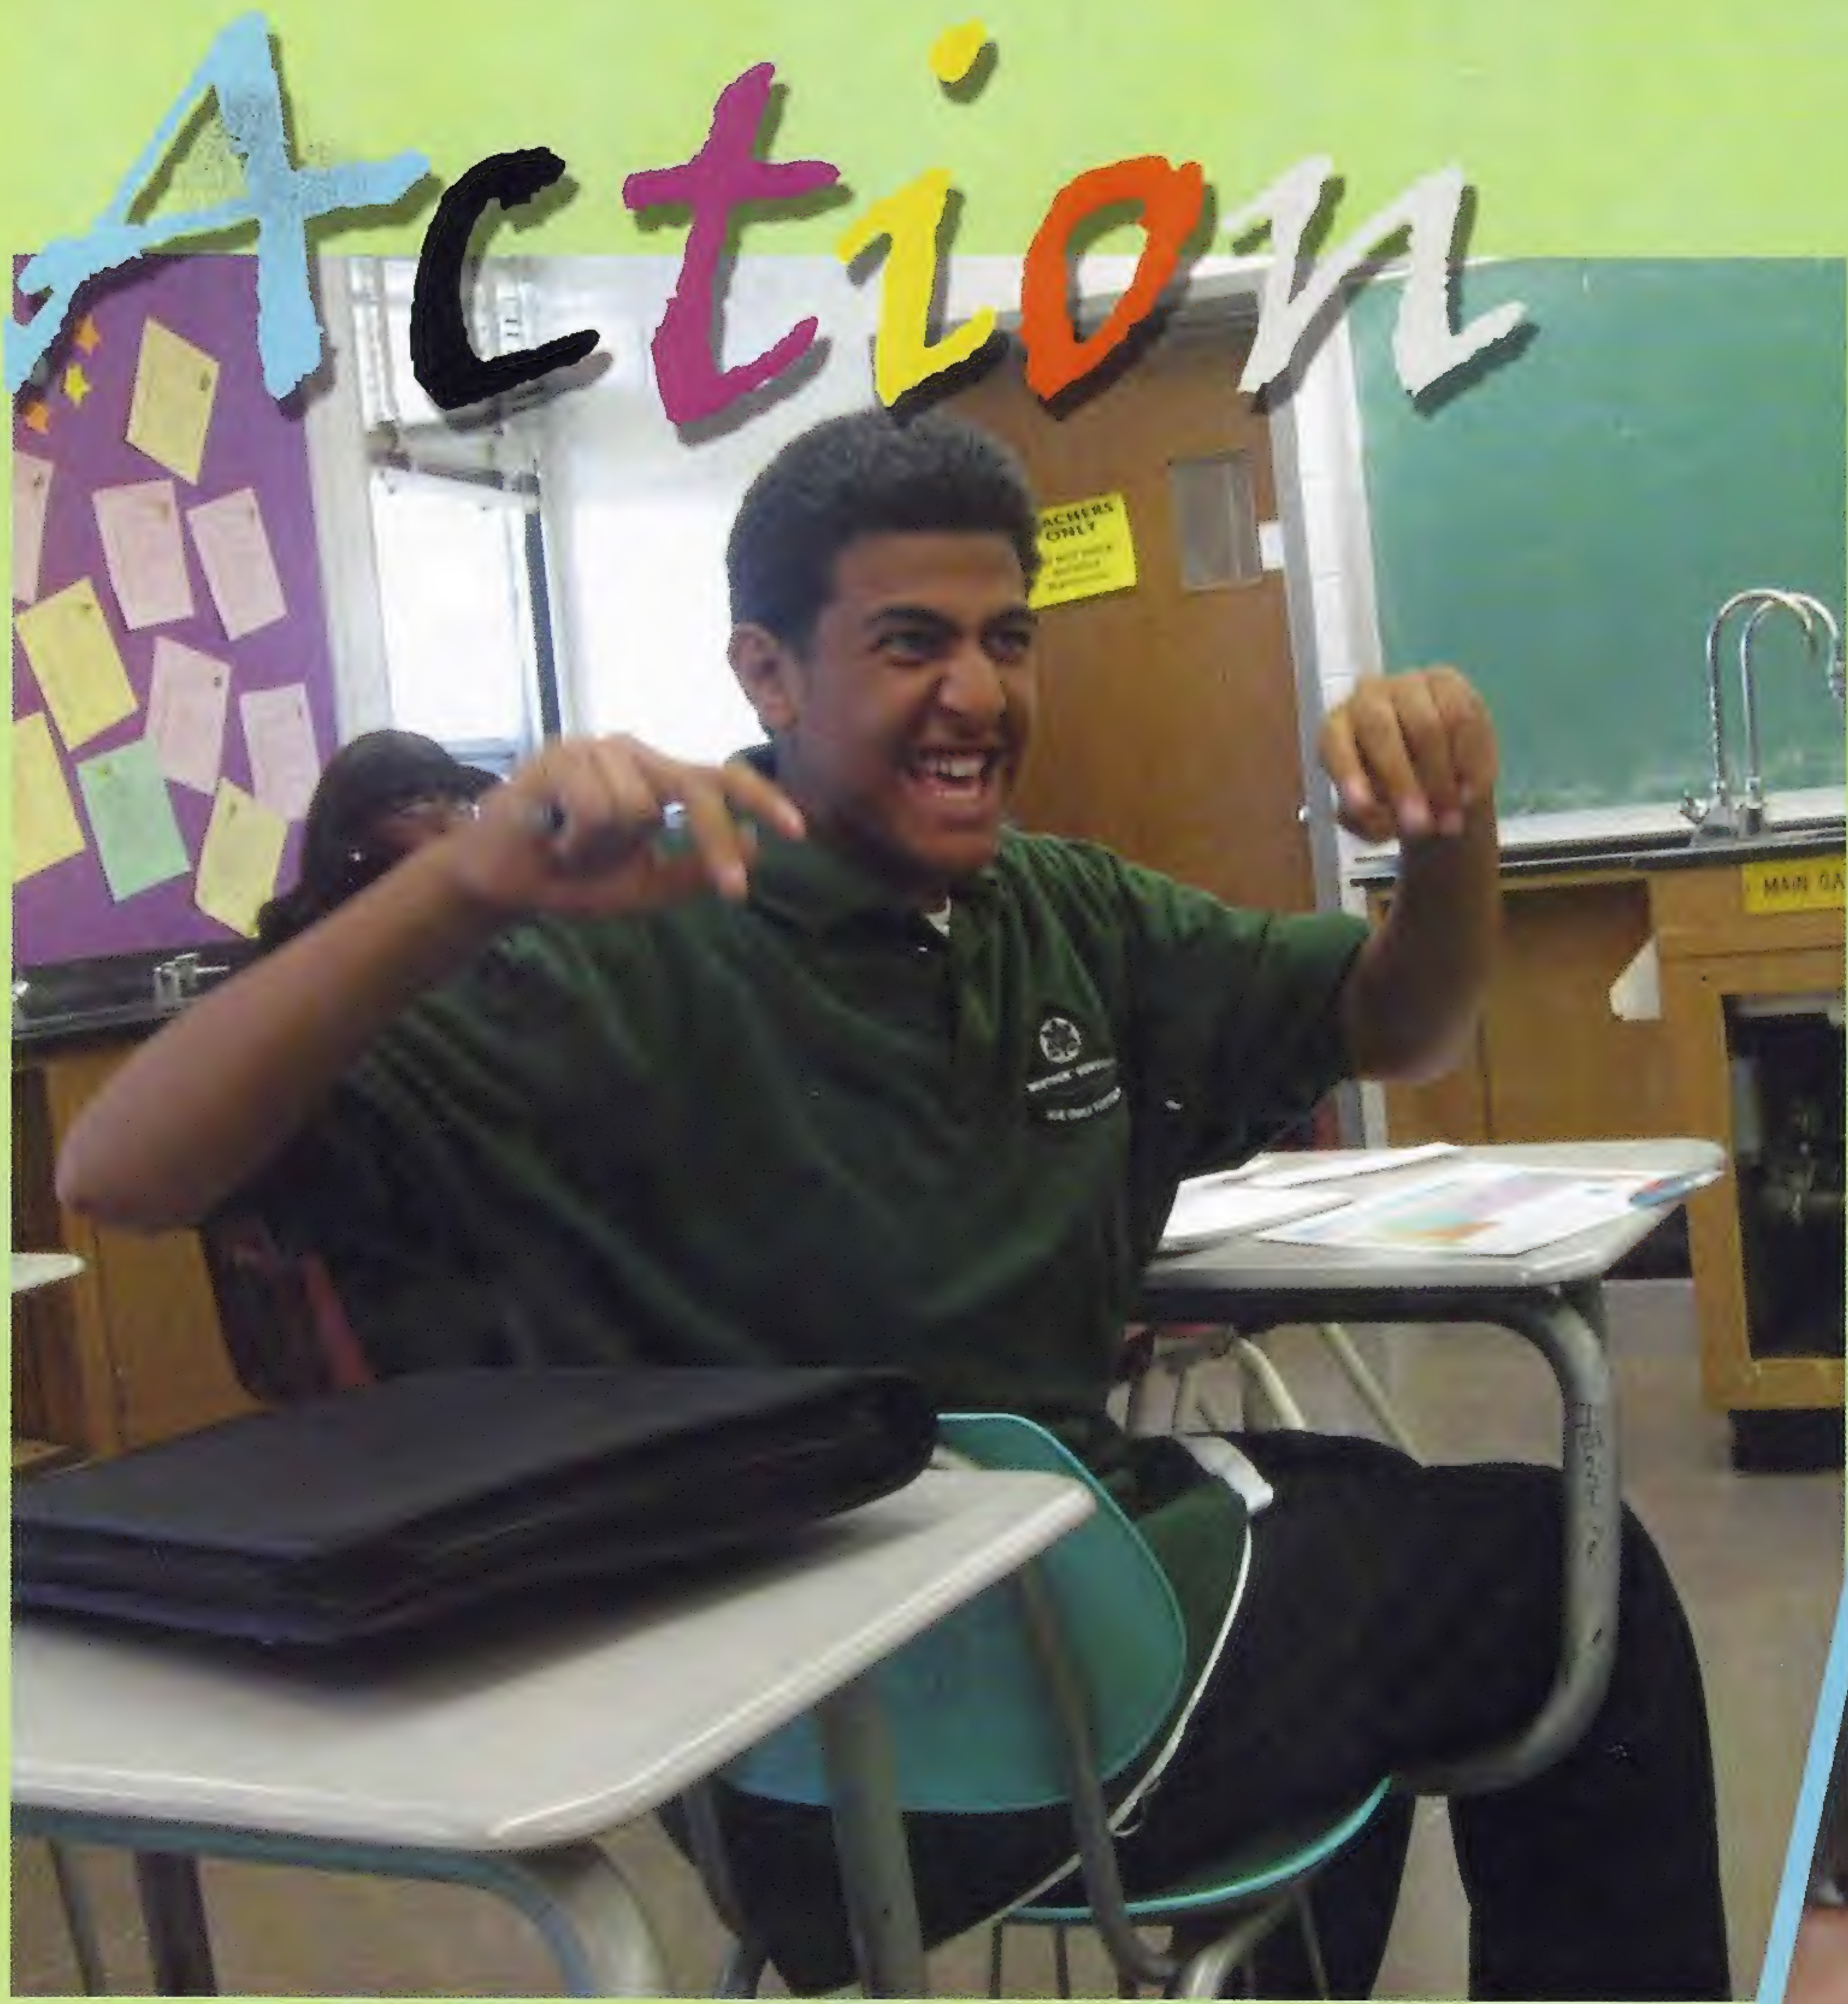

wasn't 100% in, because she really disliked mathematics and she knew it would be involved. As for the fashion, she exclaimed "I would do whatever due to my love of it".

Fashion at Westview

by Roxana Rodriguez

Westview's got a passion for fashion! Here are some students' (and one teacher's!) opinions and concerns, their ideas and their thoughts. Welcome to the fashion of the year: what people like and dislike about it.

HOT COLORS

Lotoya Jackson's most favorite hot colors are: "Baby blue that makes you happy, yellow that makes the sun brighter, green that surrounds the world..." Lotoya said dark yellow is her least favorite hot color because it does not look right at all. "It's a funny color," she said. She would rather wear bright colors to express herself. It's also because it tells a story about who she really is.

EXCLUSIVE BRAND NAMES

Hogan Nguyen said his favorite brand name is Versace. Types of clothing he likes to wear are Fcuk, Versace, D&G, Armani, Lacoste and Christian Audigier. Hogan describes his style as "Gentlemen Quality". Why? "Because I do not like punkish and gangster", he says. Hogan prefers to wear tight but not too tight clothes.

BLING BLING JEWELRY

Ms. Gillespie loves the metallic trend. She said she has gold shoes, gloves and a gold jacket. What!? Bling bling. She said having to wear white is not one of her best choices, because it gets dirty easily. I agree with you, Ms. Gillespie.

These were some thoughts about student and teacher fashion. Ask yourself: what is fashion for you? Is it just to show off, or is it something that represents you? THINK ABOUT IT.

I couldn't believe that my High-School life is just about to end. The High-School experience has been great. I just want to say one thing here, false friends are worse than open enemies. Also, in your life, do whatever your heart desires and make your goals. Leaders aren't born, they are made. And they are made just like anything else, through hard work. And that's the price we'll have to pay to achieve the goal, or any goal. A todos los estudiantes quienes van a quedarse en Westview, portense bien y diviertanse!

Shavanna Ahad

I LOVE WESTVIEW! Best experiences ever. I learned a lot! Good luck to all the fellow graduates. I will miss all of you! SHOUT OUT TO MY CHAPATIE LOVERS! BUGSY + DESPEREAUX = HEART 4 EVER!

Layla Ahmed

Ahhhhh good-bye Westview, hello hot university guys!! Lol? I definitely had the time of my life at this school, met a lot of good teachers and made some amazing friends. I learned a lot and Westview helped me grow as a person, it turned me into the smart, independent woman I am today. Now I am gone, but the memories will remain with me. Both positive and negative, it was all a learning experience. Well anyways, enough about that stuff, I am done, I am outta here ahhhhhhh? Shout Outs to all my COOLS GIRLS I love you guys!!!!

Daniel Amofa

You can navigate yourself in any direction you choose. I am convinced all humans are born with more gifts than we know so don't live down to expectations. Put your future in good hands, your own.

Elvis Boakye

"Success is not achieved on a silver platter but it takes focus, determination, perseverance and hard work to experience it." I am taking this opportunity to extend my sincere gratitude to my parents, teachers, administration of Westview and Toronto District School Board for establishing this wonderful and extraordinary school

High school is just the title of a chapter in our lives. It has been a long and stressful journey but hopefully we will all follow through to the end. Many of us have had tough experiences and will not graduate without tears or scars. Better to sweat now than cry later; remember that success is ensued not pursued. Best of luck to all my fellow friends and schoolmates of Westview's 2008-2009 Gra

The best part of my experience at west view was the fact that i met extraordinary mentors like Ms. Griffith, Mr. Duffin, Ms. Sharma and Ms. Gillespie who helped me a lot in developing my critical thinking. I would specially pay thanks to Mr. Duffin and Ms. Griffith whose insightful classes instigated me to rethink many stereotypes that I had learnt or was bred up with. Whoever or Whatever I become in future, the grooming i got from these teachers will always be there with me and finally i will always cherish the great moments i spent here and awesome friends that i found here (Fatima, Nola, Katya).

I basically thank all my teachers for guiding me throughout the time I have been here. I hope every other student in this school has a very outstanding year like I have. Good luck WESTVIEW!

The experiences and memories I gained here are unforgettable. Sophana's embarrassing moments and her "endless letter", as well as Nisha's blushing smile will always be remembered. Also, the laughs in: Art (Feminist vs. Channy), Biology (Pranjal's "Toraram-ish" comments) and Chemistry, made these last four years the greatest years of my life!!

I REALLY don't know what to say, so I'm just going to keep it short. My 4 years at Westview have been so much fun, I learned a lot about myself and other people. Met some amazing teachers, and made a lot of friends. Oh yea and met a lot of sexy guys... SIKE!! Ha ha ha Not even. Enough about Westview, even though I'm going to miss it, I'm on to bigger and better things. I had so many memories here, some good, some bad, but at the end of the day, that's life, and I got through it, that's what's important. I want to give a shout out to all the friends I made and my COOL GIRLS!!! You know who you are and I love you guys!! OK I'm done.

In my view, high school is a social or cultural experience and it's believed that the upcoming generation is the main source of our future calendar. So, the focus of a highschool must be on the academic curriculum that each student experiences.

Throughout the whole season, the Junior Girls were in first place, winning all games in their division. In the championship game, they came in second place against Fleming, losing by 10 points. Although it was a hard game for them, they still were champions at the end. There are two players to recognize: Dezrene and Cindy Truong. They scored the most through out the whole season, Dezrene hitting over 30 points in two games, and Cindy Truong hitting over 20 points in two games.

The senior girls had a rough season this year. Last year the team was in second place against Newtonbrook, as a junior team. When they first played Newtonbrook last year, they lost by 20 points. In the championship game, Westview junior girls had a really good game. They were up by 10 points, and then when it came down to the end they lost by 2 points. The girls came back home with their heads up high realizing that they are still champions at the end of the day. This year the girls had good games. Their first game they played Newtonbrook beating them by 14 points. The senior girls only lost to Emery and Downsview. During a tournament at hoopedome, they did not play well. They lost one game against Pope John, and against the next team the lost by 2 points. They won their last game, but Shyanne Witter was injured, she dropped so hard that her knee came out of place. In the semi-finals the girls played Downsview again and the game didn't go too well. They lost by 15 points. The girls then had to qualify for OFSSA: they played York Memorial, and although they lost by 13 points they had a good game. Shenel Keen dropped 17 points and Phellicia Geddes 14 points. That game was going good in the first half and got really bad in the second. The girls figure they can come back for next year, hoping to reach a better place, which is number 1.
